# Why SABA Integration?

We could be a valuable solution for your needs, allowing you to carry out projects through us while managing them from Egypt. This arrangement offers cost-effective advantages.

We can provide efficient project management at a competitive price point. Moreover, we possess extensive experience in successfully managing mega projects with utmost competence.

We invest in our team to get certified and be capable to support our clients perfectly.

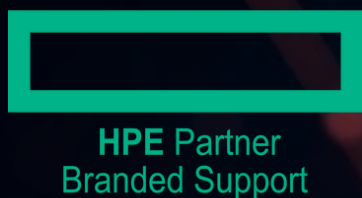

# Proud

SABA is first Aruba Managed Service Provider in Egypt. That authorizes us to be one stop shop for our clients and their networking needs.

All projects that finalized by SABA are covered by SABA Angel program even if the customer took support from the vendor.

HPE Partner Branded Support enables SABA to support customers who have purchased the partners' own branded support services.
